

Declaration of food contact compliance status

We confirm that the following mentioned Habasit conveyor- and processing-belt, as manufactured today, is in compliance with the requirements of the following food contact regulations, provided the belt is used under the conditions specified for the regulations, if any.

UM100-W

EU:

- **Regulation (EU) No 10/2011** relating to plastic materials and articles intended to come into contact with foodstuffs as amended.
Elastomers and natural and synthetic rubbers are not regarded as plastics and therefore not covered by Regulation (EU) No 10/2011. Compliance can therefore not be confirmed regarding this component.
Also, these materials are currently not covered by a specific measure acc. to Art. 5 of Regulation (EC) No 1935/2004.

USA:

- **FDA, 21 CFR** parts/sections 177.2600 rubber articles intended for repeated use, 177.1630 polyethylene phthalate polymers, 178.3297 colorants for polymers.

This product is applicable for direct contact with:

- aqueous and fatty food according to 21 CFR 177.2600 (e) and (f) (e.g. food types I, II, III, IV-a, IV-B, .V, VII-A, VII-B, IX) up to 176°F / 80°C and 30 minutes contact time
- food type VIII (dry solids with the surface containing no free fat or oil, no end test required) up to 176°F / 80°C and 30 minutes contact time

For repeated use only.
