

Declaration of Compliance

This declaration of compliance relates exclusively to the product specified herein in the state in which it was placed on the market. Any components added, handling effected or modifications carried out subsequently are expressly excluded. The present declaration ceases to be valid in the event that the use of the product is not in conformance with the conditions specified in the applicable regulations, if any, and in Habasit's technical documentation. The product is intended for repeated use only.

Herewith we declare that the product specified herein is in compliance with the following food contact regulations.

Infinity Rotary Moulder

EU

Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food as amended. Specifically, this refers to the relevant Articles 3, 11(5), 15 and 17.

Regulation (EC) No 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food as amended.

This material has been manufactured in accordance with the relevant requirements of that regulation.

Regulation (EU) No 10/2011 relating to plastic materials and articles intended to come into contact with foodstuffs as amended.

Natural fibres are excluded from this regulation.

Compliance can therefore not be confirmed regarding this component.

Also, these materials are currently not covered by a specific measure acc. to Art. 5 of Regulation (EC) No 1935/2004.

However, the natural fibres used in this belt comply with Eco-Tex Standard 100 Class 1 referring to textiles and toys for babies, so it can be expected that it will not release substances dangerous to human health and is therefore in compliance with Art 3 of Regulation (EC) No 1935/2004.

Plastic components (layers, fabrics, components) of the product subjected to Regulation (EU) No 10/2011: The raw materials used comply with the requirements of this regulation as amended.

This product meets the relevant requirements of Regulation (EU) No 10/2011 as amended and is applicable for direct contact with:

- dry, aqueous, acidic and fatty or oily food types according to Annex III, table 2
- any contact conditions that include heating up to 70°C for up to 2 hours, or up to 100°C for up to 15 minutes

This product does not bring about an unacceptable change in the organoleptic properties of food.

Above mentioned product does not contain dual use additive(s) acc. to Regulation (EC) No 1333/2008 (food additives) and Regulation (EC) No 1334/2008 (flavourings) in their current version.

Testing of overall migration, specific migration and other applicable restrictions (maximum permitted quantity, primary aromatic amines, etc.) was performed according to this regulation as amended.

Food simulants and migration conditions used for migration tests:

- | | |
|----------------------|--------------------|
| - B (3% acetic acid) | OM3, 2 h at 70°C |
| - Isooctane | OM3, 0.5 h at 40°C |
| - 95% Ethanol | OM3, 2 h at 60°C |

USA

FDA, 21 CFR parts/sections 177.2600 rubber articles intended for repeated use, 177.2800 Textiles and textile fibers

This product meets the relevant requirements laid down in this regulation and is applicable for direct contact with:

- dry, aqueous, acidic and fatty/oily (incl. free fat and oil) food as listed in 21 CFR 176.170(c) table 1, food types I, II, III, IV-A, IV-B, V, VII-A, VII-B, VIII, IX

Conditions of use D (hot filled or pasteurized below 150°F) through G (frozen) as listed in 21CFR 176.170(c) table 2

Product is manufactured and declaration issued by:

Habasit America (Middletown)
