

Habasit® Cleanline Profiles TPO Cleats & Sidewalls

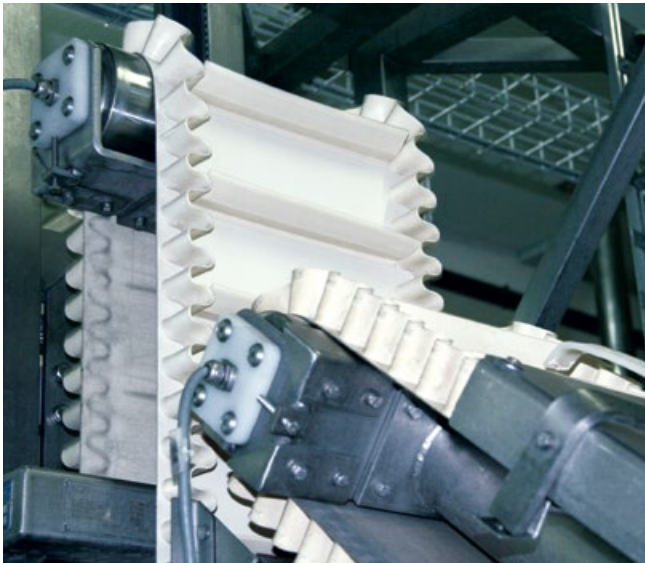

To complement the Habasit® Cleanline belts, which are manufactured in a special Thermo-plastic Polyolefine (TPO), Habasit introduces compatible profiles and cleats sharing the excellent advantages and hygienic benefits of the Habasit Cleanline food processing belts. Food applications demand the highest compatibility between belt and accessory materials.

These TPO products are applicable in food industry segments like dairy, baked snacks, biscuit and crackers, chocolate, pastry, poultry, red meat, vegetables and miscellaneous foods; however, this product line excels in food applications where sticky goods are conveyed in bakery or confectionery processing.

TPO cleats and sidewalls offer:

- Suitability for Habasit® Cleanline belts
- Excellent release properties
- Very good chemical resistance
- Stable behavior at very low temperatures
- Hydrolysis and abrasion resistance
- Environmentally friendly
- Easy cleanability
- Wear resistance
- Full compliance with FDA regulations for food contact materials

Habasit® Cleanline Profiles

Cleats and sidewalls assist secure product movement in inclined and declined applications. Mainly used in the food processing industry, specifically designed for Habasit Cleanline belts.

Product Characteristics

Product Codes	Product Group	Material	Color	Width	Height
E-PN40-CW	Cleats	TPO	White	11 mm	40 mm
